Requirements: PC, Internet connection, power point, e-mail, telephone, scanner (Skype not obligatory)

## INTRODUCTION TO THE CLINICAL NEUROPSYCHOLOGY OF MAJOR DEPRESSION AND SCHIZOPHRENIA

### ABOUT THE WORKSHOP

The present workshop aims to inform mental health professionals and offer specialized knowledge in the neuropsychology of major depression and schizophrenia which will assist them in their clinical practice and research.

### LEARNING OUTCOMES OF THE CLINICAL WORKSHOP SCHIZOPHRENIA

- \* Understand the course of cognitive function and cognitive decline in schizophrenia
- \* Research evidence of the neuropsychology of schizophrenia and its importance for clinical practice
- \* The relationship between cognitive dysfunction (i.e. attention, verbal memory) and clinical symptoms of schizophrenia
- \* The assessment of IQ, memory, attention, executive function, psychomotor speed in schizophrenia (how do we select particular neuropsychological measurements in order to evaluate cognitive function in schizophrenia?)
- \* Cognitive rehabilitation in schizophrenia
- \* Cognitive-behavioural techniques in the management of schizophrenia
- \* Neuropsychological management in schizophrenia

### MAJOR DEPRESSION

- \* Understand cognitive function in major depression
- \* Research evidence of the neuropsychology of major depression
- \* The assessment of neurocognitive function in major depression
- \* Neurocognitive and therapeutic interventions in major depression

### WHO SHOULD ATTEND?

- \* Psychologists, psychiatrists, psychotherapists, social workers, occupational therapists, art therapists, nurses, neuroscientists

LANGUAGE English & Greek

### EDUCATION CREDITS

“Approved by the British Psychological Society Learning Centre for the purposes of Continuing Professional Development (CPD).” All participants will receive a certificate of attendance if they participate fully in the workshop and CPD credits from the British Psychological Society. The clinical workshop is organized and taught by Dr Alexandra Pentaraki, PhD, CPsychol.
